

SCHOLARSHIP REQUEST

New VU Child & Youth Counselling offers flexible payment plans and scholarships because we strongly believe that everyone has the right to affordable, highly effective, ongoing counselling services. By completing and submitting this form you are requesting consideration for a reduced fee that will be applied to a specific amount of time.

Because we do not want fees to interfere with the counselling process, our Psychotherapists WILL NOT be the ones reviewing the application. New VU Board Members will decide on the results of the request, keeping all information private and confidential. Contact us for more information.
